SEMINARS ON THE THREE MILE ISLAND INCIDENT

PLANNED AT U. LOWELL

LOWELL, MASS. - A series of technical seminars focusing on "The Event At Harrisburg" are scheduled at the University of Lowell Tuesday, April 10. Faculty and staff from the campus Pinanski Nuclear Center will discuss the recent accident at the Three Mile Island nuclear power plant.

Seminars will be held from 11:00 AM - 1:00 PM in the multi-purpose room of the Alumni/Lydon Memorial Library, located on University Avenue, Lowell. The public is invited to attend.

The schedule begins with a discussion of the Technical Aspects of the incident by Dr. Gilbert Brown of the department of nuclear engineering. At 11:30 AM Dr. Kenneth Skrabble, Chairman of the radiological sciences department speaks on the question of radiological health. The next speaker is Dr. Robert Litman of the Chemistry Department discussing radiochemistry aspects. The session concludes with a general discussion about civil preparedness and the role it played in the incident.
